FOREWORD

There are 136 tax-supported libraries in Missouri plus 212 branch libraries. Of these libraries, 12 are regional, 38 county, 4 consolidated and 82 municipal. There are also 29 non-tax libraries in the state.

In this directory you will find a compilation of statistics from public, college and university, special and institutional libraries in Missouri. Reports were received from 132 tax-supported public libraries, 22 non-tax libraries, and 88 academic, 71 special and 31 institutional libraries.

The directory is arranged alphabetically by towns or cities in which the libraries are located. The locations of branch outlets of libraries are cross-referenced to cities in which headquarters are located. The index in the back of the directory is arranged alphabetically by library name.

The directory attempts to describe each library in terms of its total program. It is hoped that this form of presentation will enable the user to gain an insight into the library in a way impossible through the use of scattered statistics.

Every effort has been made to assure that the statistical information in the directory is accurate as reported to the State Library by local libraries. No effort has been made to verify information submitted by local librarians. If in some instances certain statistical information does not appear, it is because it was not reported on the statistical form.

Following the alphabetical arrangement by town or city is a breakdown of library service in Missouri by county.

It's small enough
to fit in your wallet . . .
powerful enough
to change your life!

It's a library card.

Get answers to questions.

Borrow books, magazines,
videotapes and much more.

Make sure everyone in your
family has a library card.

Make sure they use it.

Independent municipal libraries: none.

Note:

(1) Figures in parenthesis represent the total assessed valuation for the county, taken from **Missouri State Tax Commission Report, 1993**.

(2) Where a county is a member of a regional library, the State Aid figure is for the individual county of the region.

(3) Where a county is a member of a consolidated library, the State Aid figure is for the total region.

(4) Amounts shown as tax represent a voted tax. This may have been lowered because of legislatively-mandated rollback provisions. Current tax rates in effect are listed under each individual library entry.

INDEX OF LIBRARIES
